DynaMed mobile application

Instructions for registration and authentication for Frontier Nursing University students
1. Go to https://www-dynamed-com.frontier.idm.oclc.org/ and click “Sign In” to begin the registration process.
2. Click “Register now” to continue the process...
3. Fill out the form and click the “Register” button to complete the registration process.
4. Once you’ve created your account, you will need to sign in to fully affiliate your account with Frontier. You should see your name below the University’s name in the upper right hand corner.
5. Download the DynaMed app from the app store. This is what it looks like in the Apple app store but the icon should look the same in the Android app store.
6. Open the DynaMed app and choose the “Sign In” method of authentication. Then enter the account information you created in step 3. If it asks you for payment, then you have not properly affiliated your account with FNU. Go back to the desktop version of Dynamed on the library’s homepage and make sure you can sign in.
